There were no audience comments on tonight's agenda.

really need some time to wrap your hands around it and get all the information. Sometimes we really need to look into it before we move to fast and this isn't against Joe or anybody.

Repchick: Agreed.

Lukasewicz: On the record I am going to state this. You don't rectify a situation by doing something that you had no intention of doing prior.

Repchick: That's my only issue right there.

Tomasovitch: I am going to say have to ask Robbie if he is able to do the job.

Repchick: That's not a bad idea. You are right Tom. I totally agree with you.

**Kucharski, Tanana, Magliocchi Motion failed
in favor; Tomasovitch, Repchick - again
I made one thing without further information
or talking to Robert and I can't do it twice
so I have to go against, Musewicz, Lukasewicz against**

5. Motion by Repchick

Seconded by Tomasovitch

To authorize Borough Engineer, Jack Scheuer, to prepare specs for the Bruno Dr. Sanitary Sewer extension project.

Lukasewicz explained to Magliocchi that the Borough Engineer and Mr. Garvey were here. The engineer was able to prepare specs and the project in front of your house to hook up everybody and take the affluent down into Lynwood. It's definitely a project that can be done and approximately he said around \$105,000.00 to do the entire project, and restore the street and hook everybody up. SO we are going to put a motion on to authorize him to proceed with the project. Just so you know what we are doing. Alright?

Magliocchi: Ok.

**6 in favor, Magliocchi

6. Motion by Repchick

Official Comments:

Repchick: I will follow up with the PP&L.

Lukasewicz: And Attorney Cimini you will follow up with UGI.

Kucharski: Question for Bob. Shehadi's has been a junk yard again. I see that it's been cleaned up a little bit over the last couple of days. Is there anything that can be done with that at least requiring a privacy fence or something?

Lokuta: Made a visit last week with the Chief of police and Mr. Kerecman down there and had a nice conversation with the gentleman. The refrigerators cannot be stored with the doors on. We gave him until this past Friday to clean it up. A fence was talked about with him. Friday it was much improved and today. He was told should refrigerators show up again with doors he will be cited per refrigerator. That was taken care of last week.

Lukasewicz: Good because it is disgusting.

Kucharski: It is. At least put up a fence.

Lokuta: It is a safety issue.

Lukasewicz: Keep up on it.

Motion to adjourn.
