Kucharski spoke of issue at civic center today. A pipe burst and flooded our basement but there was a considerable amount of water that got under the tile so we are in the process of drying that out. We noticed a leak in one of the sprinklers and as a result of that the sprinkler system had to be drained. So the civic center was closed today and will also be closed tomorrow due to lack of a fire sprinkler system and the potential liability to the borough, so that is just an FYI.

Motion by Williams

Seconded by Tanana

To adjourn.
